REM15
Wireless Remote Controls

REM15

The REM15 wireless remote control is a one-way device that can transmit your actions to your Paradox security system. It provides the same functionality as the REM25 but without the convenience of feedback status and confirmation features.

Features

▶ Slim, ergonomic design

▶ Water resistant

▶ Perform up to 5 different actions

▶ Wireless range in a typical residential environment:
- 30m (100ft) with MG6250 and RX1
- 45m (150ft) with MG5000 / MG5050 / MG5075
- 60m (200ft) with RTX3

▶ Available in 433MHz or 868MHz

▶ EN50131 Grade 2

Overview

▶ **Water Resistant**
The REM15 provide a water-resistant casing ensuring the remotes are protected against accidental splashes or rain.

▶ **Easily Replaceable Battery**
Both remotes have an easily removable and replaceable battery. Simply unscrew the back cover and replace with a new 3V lithium battery (CR2032).
